

THE HYPER-REALISTIC® MOULAGE KIT (HRMK)

The Hyper-Realistic® Moulage Kit provides the capabilities of a professional Special Effects Make-up Artist in one highly versatile product. The HRMK inserts hyper-realism into any training / revolution, increasing the stress inoculation factor for medical and non-medical professionals; greatly decreases the costs when implementing Hyper-Realistic® casualties into training scenarios because everything is completely reusable. All wounds are stored in one portable case for ease of use and convenience, and are completely re-usable. All wounds can be applied on any anatomical location to create the desired effect.

THE HRMK CONTAINS:

- All required supplies needed for wound application and removal
- Step by step instructions for application, removal, cleaning, reusing, and storing of wounds
- Reusable and customizable injury reference cards to increase the realism for casualties as well as simplify wound description and application for non medical personnel
- Removable “pages” of wound patterns for ease of use and accountability

CUSTOMIZABLE WOUND PATTERNS:

- Superficial and Deep Lacerations
- Closed and Compound Fractures
- Impaled Objects and Shrapnel Wounds
- Partial and Full Thickness Burns
- Partial Upper Amputations
- Abdominal Eviscerations
- Flail Chest and Open Thoracic Injuries
- Extraorbital Avulsions with or without Ocular Injury
- Maxiofacial Trauma with and without Dental Injuries
- Chemical, Biological, Radiological and Nuclear injuries
- Entrance and Exit Gunshot Wounds - 5.56, 7.62, and 9mm
